My daughter told me she noticed that 5*5 was 1 more than 6*4, ... 4*4 is 1 more than 5*3, ... 10*10 is 1 more than 11*9... etc

So we walked through her first #maths proof!

$$(n+1)(n-1) = n^2 - 1$$

#ProudDad

Apparently she noticed it whilst playing Minecraft.

?!?!?!?
