The employee in this case that you we've been talking about, this was the plaintiff in the case? A. Correct. Q. Okay. So you've mentioned this case in 2018, 2019 in which you testified. Were there any other depositions that you gave in your in the past? Excuse me. A. No. Q. Well, since you've been deposed before, some of the things I'll say now are probably are things that you heard about in your first deposition back in 2018 or 2019. And some of the problems I think we've already encountered, but we'll just go over these rules or instructions, if you will. First I'm going to ask you a question. Is there anything that would prevent you from testifying truthfully today? A. No, there is not.

- Q. You're not suffering from an illness or a
 mental condition that would impair your memory or ability
 to testify?
- A. No.
- **Q.** One thing that may happen from time to time
- 6 today is your attorney will object. That's part of
- 7 creating a record for the court. It does not relieve you
- 8 of the obligation to answer the question truthfully. Is
- 9 that understood?
- A. Yes.
- 11 Q. There are some few exceptions. They will be
- very clear if they come up because your attorney will
- 13 instruct you not to answer a question. But those are --
- 14 usually doesn't come up, but if it does, trust me. It
- 15 will be very clear.
- 16 If you don't understand a question or you want
- 17 clarification of a question that I ask, please interrupt
- 18 me at any time. That's perfectly normal. It's probably
- 19 because I posed an unclear question. And I want you to
- 20 be able to answer the question clearly as well. Is that
- 21 clear?
- **22 A.** Yes.
- **Q.** By the same token, if you do not ask for
- 24 clarification of a question, I'll understand from that
- 25 that you comprehend the question as asked. Is that

- understood?
- A. Yes.
- **Q.** Can you explain for the court what you did to
- 4 prepare for today's deposition but with one exception.
- 5 I'm not going to ask you what your attorneys and you
- 6 discussed in terms of legal advice.
- 7 Although it is not privileged to state that you
- 8 met with your attorney, I'm not going to ask what they
- 9 said. So with that as a caveat, let me rephrase the
- 10 question. Can you explain what you have done to prepare
- 11 for today's deposition?
- **A.** For today's deposition I reviewed the Ad Hoc
- 13 Review Panel Report that was prepared.
- **Q.** Did you review any other documents?
- **15 A.** I did not.
- **Q.** And I think we'll get to this, but you're
- 17 referring to the Ad Hoc Panel Report that was issued on
- **18** November 25th, 2020?
- **19 A.** Correct.
- **Q.** Okay. You didn't review any of your
- 21 correspondence?
- 22 A. I did not.
- **Q.** Did you speak to anyone in preparation for your
- 24 deposition today?
- **A.** Only legal counsel.

- Q. By legal counsel, do you mean Mary Quimby?
- 2 A. Correct.
- **Q.** Did you also speak with Renaldo Stowers?
 - A. I did.
- **Q.** And approximately how long did you meet with
- 6 your attorneys?
 - **A.** An hour or an hour and a half in total.
- **Q.** Was the University of Texas Arlington counsel,
- 9 I believe Shelby Boseman, in attendance?
- A. He was.
- **Q.** Any other attorneys in attendance during your
- 12 preparation?
- **A.** There was one other, Ben. I'm sorry. I don't
- 14 remember Ben's last name.
 - Q. If I said Walton, would that refresh your
- 16 memory?
- **17 A.** Yes. That sounds correct.
 - Q. We probably know Ben Walton better than you do
- **19** by now.
- **A.** I'm sure.
 - Q. And all of these attorneys are employed by the
- 22 State of Texas in one capacity or another?
- A. Correct.
 - Q. To the best of your knowledge, they're all paid
- 25 for by the taxpayers of Texas?

Jennifer Cowley 09/26/2024

11

- **A.** I couldn't speak to the source of funding for
- 2 any individual position.
- **Q.** Are you aware of any private funding for the
- 4 defense of this lawsuit?
 - 5 A. I am not.
- **Q.** I want to ask you now about your career and
- 7 qualifications as a kind of introductory part of our
- 8 deposition. But the first question I guess I want to ask
- deposition. But the hist question I guess I want to as
- **9** is you were provost in 2020 at the University of North
- 10 Texas, right?

11

12

14

- A. That's correct.
- Q. And at some time between now and then, you left
- 13 the University of North Texas, right?
 - A. Correct.
 - Q. Can you state for the record when you left the
- 16 University of North Texas and why?
- **A.** I left in the year of 2022 to become the
- **18** President at the University of Texas at Arlington.
- **Q.** Is the University of Texas at Arlington a
- 20 different university system from the University of North
- 21 Texas?
- **A.** It is. That's correct. It's a different
- 23 system.
- **Q.** And so just to sum up, they're freestanding
- university systems, correct?

Q. Okay. But in your interview process, it was 12 13 not discussed that the Journal of Schenkerian Studies, which is the journal in question, had ceased publication? 14

15 A. There was no detailed conversations about the Journal of Schenkerian Studies or Dr. Jackson. I simply 16 disclosed that there was pending litigation. 17

Q. Now, I understand you said before, you're not aware of whether or not the Texas taxpayers pay the four attorneys who are here attending your deposition. But they do -- you do know that the university -- excuse me.

That your salary is paid by the Texas taxpayers, right? 22 23 MS. QUIMBY: Objection, form.

24 You can answer.

25 My salary is in part paid by the taxpayers and

Jennifer Cowley 09/26/2024

in part paid by tuition dollars of students who attend 1 2 the University of Texas at Arlington.

3 Q. (By Mr. Allen) That they pay to the state, right? 4

5 MS. QUIMBY: Objection, form.

The students pay those dollars directly to the 6 7 university. The university is a state institution.

Q. (By Mr. Allen) Thank you. Would you answer the same if I asked you about your salary when you were the 10 Provost of the University of North Texas?

A. It would be a similar answer, yes.

And the University of North Texas is also a 12 state institution, right? 13

A. That's correct. It's a state supported 14 institution. 15

16 Q. I assume over the course of your academic 17 career, going back to that, that you've published 18 scholarship?

A. Correct 19

20 And I understand these are very different fields from the field of music theory. Can you explain 21

for the record how many publications you have? 22 23

I couldn't tell you an exact number. It's many publications, many journal publications and other forms of publications.

Q. Sure. Well, let's start with journal

2 publications. And I understand that you may not know the

exact number. That's perfectly normal. But could you

just state for the record approximately how many journal

5 articles you've published in academic journals?

A. I'll say as an order of magnitude, maybe 40 6 7 iournal articles.

8 Q. And when you said other forms of publications, have you published chapters in academic books?

10 A. Yes.

11 About how many? Q.

> A. Maybe half a dozen.

13 Have you published any academic books?

I have.

Q. How many?

I've served as the editor for a couple of 16 17 volumes, maybe four.

Q. And you know as the provost and president of an academic institution what a monograph refers to, right?

A.

Can you state for the record what academics Q. mean when they say a monograph?

A. A common word would be book that one has 24 published and written themselves or with coauthors.

Okay. So have you published any monographs?

Jennifer Cowley 09/26/2024

24

A. I have not. 1

2 **Q.** As opposed to an edited volume of -- it's

loosely -- a monograph is usually a book that addresses a 3

specific scholarly subject and coherently by the single

5 author, right?

A. Correct. With other authors.

Right. And obviously could coauthor. But

8 we're not talking about a collection of different essays

addressing -- addressing different topics, right? 9

10 Α. Correct.

11 Q. And so I only ask that because I think most people who aren't in the world of academia, don't -- you 12 know, they don't just go to the book store and buy a 13 quote "monograph." So now that that's cleared, did I ask 14 15 if you've published a monograph?

A. I have not published a monograph.

Okay. And now, of course, it's obviously an extensive publication record which is unsurprising for someone who's achieved what you have. Have you ever published articles that were not peer reviewed?

A. I have. 21

Q. And again I'm not asking for an exact number on the dot, but approximately how many were not peer 23 24 reviewed?

A. I'll offer some clarification. So I 25

2 Q. Sure.

3 -- one was published in a journal. I have many that were published for professional publications such as 4 5 magazines.

6 Q. I was just going to ask what do you mean by 7 professional publications?

For example, professional magazines, news letters, things of that nature that are published by professional societies. You know, my discipline of city planning, there are people who are city planners that practice professionally, and so it's writing to that professional practice audience.

And so I -- I mean, in a way law school is the same way, right, but at different. So you -- I'm just trying to get a handle on this. Do academics also turn to professional publications as a source of scholarship?

Depending on their discipline.

19

Well, in your discipline. In my discipline of city planning, it would be common to write both for a scholarly audience as well as to have publications for a professional audience. And they would publish in a wide range of outlets, for example, law journals, city planning journals, history journals. It would range depending on their

> Jennifer Cowley 09/26/2024

specialization.

2 **Q.** And so you -- what you're describing as 3 professional publications are certainly considered sources of scholarship among academics in your field. 4 5

It would be the application of scholarship to the professional field so a translation of scholarly work to a professional audience.

8 Q. And approximately how many of these 9 publications have you published that were professional 10 publications, as you characterized it?

And when we discussed your journal articles, the articles you've had in academic books and the edited volumes, you weren't including these publications earlier?

16

17 Okay. So about how many of these publications, 18 which are many, I understand that. Can you just give me a ballpark? 19

20 If you include technical reports, magazine 21 articles, news letter publications, all of that, 50 plus.

And the one publication in a journal, which was that? Do you know the -- it seemed like you had a specific publication in mind. So if that might be one that you actually know the title of, would you state that

for the record?

A. You know, I'm not positive the name of the journal, but it was -- the publisher was the University of Southern Mississippi.

5 When you edited the four volumes of books, 6 explain the peer review process for those four edited

7 volumes. 8 The proposals for articles were peer reviewed,

9 as I recall, and then the articles were submitted for those books. So we selected which chapter -- which ideas 10 would be the best ideas to include in the book, and then 11 12 it went through an editorial review process in the

13 creation of those volumes.

14 What were the presses involved, if you Q. remember?

16 Ohio State University was one of the presses. 17 I would have to look at my CV to review further.

18 Okay. And this one journal article that you 19 published that was not peer reviewed, were you ever 20 accused of becoming a racist because you published a non-peer reviewed article? 21

MS. QUIMBY: Objection, form.

A. No one has reached out to me about that article that I happened to publish. I should also clarify that I have -- while I was thinking of that specific article, I

> Jennifer Cowley 09/26/2024

27

1 have also published a small number of law review articles 2 as well.

3 Q. (By Mr. Allen) Can you explain for the court the difference in the review process for law reviews 5 compared to many other mainstream academic journals? A. I'm not an attorney that runs a law review, so

I can't speak to a high degree of specificity. But 8 generally speaking, law reviews have a high degree of 9 engagement with students in the review process compared 10 to a journal that goes through peer review with scholars

in their field. 11

> Q. It's common for law reviews to be edited by students, correct?

MS. QUIMBY: Objection, form. 14

A. It absolutely can. Sorry. It is entirely possible for a law review to have student editorial.

17 (By Mr. Allen) To your knowledge, were the law 18 reviews you published in edited by students?

I don't have that information. 19

20 Q. Do you know what the law reviews are you 21 published in?

22 A. I would have to look at my CV, but I believe 23 one of them was out of Tulane. I don't recall the other 24 what you --

They're an organization that supports 19 publications and advice to those who seek to publish. 20 If I said it's the Committee On Publication Ethics, would that refresh your memory? 21 22 Yes. That sounds very familiar. 23 When you were serving on the board of editors for the journals that -- and one of which you remembered 24

was the Journal of Planning Literature. Is that it?

organization that provides information about editorial

roles in journals. They're focused on publications.

Jennifer Cowley 09/26/2024

That's correct.

2 Do you remember them using the Standards of the

3 Committee on Publication Ethics?

I would have had to have gone back and reviewed 4 the materials that were provided to all of the editorial 5

board members. But this journal is considered one of the 6

7 best in its field and follows common scholarly practices.

8 Q. So is your answer that you don't remember the 9 Committee on Publication Ethics setting standards for

10 those journals or you weren't -- let me strike that.

Do you remember the Committee on Public 11

Education Standards being required for any of the 12

journals you served as a member of the editorial board? 13

A. I do not recall that. I do recall expectations 14 15 of upholding ethics in the publication process.

16 What was your understanding of, quote, "ethics

17 in the publication process," closed quote?

18 Just as an example in the peer review process,

making sure that that was double blind as just an 19 20 example

21 Can you explain for the record what double

blind? I mean that's something -- every academic knows 22

23 what that means, but people on the jury may not. So can

you please explain what the means? 24

25 For example, both the author and the reviewer of the publication would not be known to each other.

2 Q. Is it your view that a publication that is not

double blind in the sense of a double anonymous review of

an article is unethical?

5 MS. QUIMBY: Objection, form.

6 Go ahead.

No. There are many types of publications that

8 would have different expectations for how they're

produced and what types of reviews they would be

10 undertaking.

7

Q. (By Mr. Allen) And is there anything wrong with 11

journal, right? 16

17 It would depend on the nature of how that Α.

18

A. I'll repeat that it would depend on how that 21

22 journal was run.

You can't answer it yes or no? 24

25 Of course I can answer yes and no questions.

nature of a journal to determine whether it was or was 11

not being conducted in an ethical way. 12

The grievance process does flow through my office, and some cases would make it to my office. But as it relates to First Amendment, I don't recall any

15

16 specific First Amendment cases.

17 Q. While you were the provost, did the university receive grievances from faculty for the violation of 18

their academic freedom? 19

Not while I was provost.

21 Based on your experience as provost and now, I

suppose, as President of the University of Texas at 22

23 Arlington, can you state for the record your

24 understanding of how the First Amendment protects the

25 speech rights of faculty?

North Texas, what limitations did you believe could be 11 placed on the First Amendment for faculty speech?

12 13

MS. QUIMBY: Objection, form.

A. So I think there are some differences between 14 15 academic freedom and freedom of speech. So, for example, 16 if a faculty member was teaching a science class and they

17 were using class time to speak about a topic that is

18

completely unrelated to the content of the class, that

19 may not be appropriate.

20 Q. (By Mr. Allen) That's one example. So let me

21 sum up. Is this -- just so I can tell if I understand

correctly, right. In general terms, if a professor is 22

23 opining in class about something completely unrelated to

your view?

speak in specificity. Generally speaking, faculty have the freedom to express their views in public. Express their views through publications and other outlets. There are some limited occasions such as not teaching the content of a class where their speech may be questioned. Q. So you mentioned the example of not teaching

the content of a class. Are there other areas in which the right of faculty to speak can be limited despite the First Amendment, as you understood it as provost? MS. QUIMBY: Objection, form. A. If there is a specific context in which you're

trying to ask, you could ask that.

(By Mr. Allen) Well, I'm asking you. The

Jennifer Cowley 09/26/2024

context is your job as provost. What are the limitations

2 on faculty speech that you were prepared to enforce as

3 provost, notwithstanding the First Amendment?

A. I would reframe it. My responsibility as the provost is to protect the free speech rights of our faculty and their ability to express themselves in appropriate forums.

Q. Is the speech of professors in academic journals generally understood by you as protected speech?

10 Generally speaking, yes.

So as you sit here today, you are -- excuse me.

Can I ask again though as a provost, what limitations 12

besides the teaching content in class that was completely 13

off topic which you explained before. 14

Q. (By Mr. Allen) So as you sit here today, that's 22 23 the only example you can give that a teacher might be teaching off topic in class or saying something? 25

That's the example I'm choosing to give, yes.

And you can't think of any other examples?

2 Not in the moment.

3 Okay. Now, you had brought this up before, and I understand that they overlap. How is academic freedom

5 different from the protections of faculty to speak freely

6 that are granted by the First Amendment?

MS. QUIMBY: Objection, form.

A. Faculty members are employees of a university, and they have certain roles and responsibilities. There are policies and procedures that govern the roles and responsibilities of a faculty member.

12 What I choose to say is as an individual 13 citizen in social media, out in the world, wherever I want to say it, is distinct and different from my role as 14 15 a faculty member in an institution where I have a primary responsibility to fulfill the mission of teaching our 16 17 students, engaging in scholarship, and providing public 18 service.

Just as any employee in any organization, I do not have ultimate freedom to say anything that I might wish to say that there are certain expectations of professionalism. And going back to the example in the classroom that if I am hired to teach city planning, I should be teaching city planning.

5 A. You would have to refer to any relevant UNT

policy as it relates to any use of those terms.

7 Q. So as you sit here today, you don't remember 8 what you meant when you wrote diversity and inclusion in

documents at the University of North Texas? 9

10 It would be context dependent.

11 Depends on what context?

For example, the University of North Texas has a diverse student body that is representative of the state of Texas.

14 15

Q. When you say diverse student body, what do you mean? What constitutes this diversity?

Age, veteran status, ability or disability, race, gender, so on and so forth. The students at the University of North Texas come from a diverse set of backgrounds.

21 When you say ability or disability, do you mean what we -- what we conventionally think of as disability 22 23 rights?

Q. (By Mr. Allen) And you'd give the same answer 1 2 if I asked if it was irresponsible to critique UNT policies of, quote, "inclusion" as well, right? 3 A. Any policy can be critiqued by a faculty 4 member. 5 6

And we talked earlier about this concept of diversity. What -- what about the commitment of the University of North Texas to inclusion? What did that mean while you were provost?

The university's goal is to create a welcoming environment for all students to aim in helping them to feel that they belong at the university and that they feel free to engage with faculty, fellow students, and staff

15 MR. ALLEN: I'm sorry, Madam Reporter. 16 Can you read back that answer to me? I didn't think I 17 heard it. 18

(Requested portion read back) (By Mr. Allen) So in your view, inclusion means 19 20 this feeling of belonging for all students --

21 MS. QUIMBY: Objection, form. (By Mr. Allen) -- as one -- of one of the 22 Ο.

23 components?

Well, you haven't pointed to a specific policy that you're referencing.

Well, I'm asking you your understanding. You 1 were there for seven years, right? No. 2007 --

3 Five years.

Five years. And other that five years, you don't -- you didn't have an understanding of what

inclusion meant? You need to have the specific policy 6

7 now?

8 A. No. Earlier you referenced and asked about policies, and so I'm just clarifying what your intention 9 10 is in this question.

Q. I'm trying to find out what you understand by 11 12 inclusion. And you mentioned welcoming to all students, 13 fostering a sense of belonging at the university, encouraging students to feel free to engage with faculty, 14 15 students, and staff, right?

I think a successful outcome would be where a student feels a sense of connection, that they may have faculty members that they have felt comfortable working with and engaging with in and outside of the classroom;

That they may have a student organization or some kinds of activities on campus for which bring them

joy and connectivity, and they feel like the university

is a place where they're thriving.

3 Q. What does the, you know, ascribed category of race have to do with diversity and inclusion at the

5 University of North Texas, as you understood it?

6 MS. QUIMBY: Objection, form.

7 A. Your question is how is race connected to

8 diversity and inclusion at the university?

9 Q. (By Mr. Allen) Yes.

10 Race is one descriptive category of individuals that attend the university. The university, for example, is a Hispanic serving institution because of the 12 significant number of Hispanic students who have chosen 13

to attend the University of North Texas. Race and 14 ethnicity is one form of diversity. 15

16 Q. And obviously you would want anyone to feel 17 included on the base of race, right?

18 We would want every student of the University 19 of North Texas to feel included at UNT.

- **1** on the record.
- **Q.** (By Mr. Allen) Who is John Richmond?
- **A.** John Richmond is the Dean of the College of
- 4 Music at UNT.
- **Q.** Was he there for your entire tenure as provost?
- A. He was.
- **Q.** Did he also teach?
- 8 A. I know he has taught in the past. I'm not
- **9** aware of any teaching responsibilities in his capacity as
- 10 dean.
- **Q.** Was it his obligation to combat racism at the
- 12 University of North Texas?
- MS. QUIMBY: Objection, form.
- **14 A.** There is no explicit charge to combat racism by
- 15 any employee at the university.
- 16 Q. (By Mr. Allen) Now or then?
- 17 A. I have no knowledge of what's happening at the
- 18 university today.
- **Q.** So when you speak about what is going on at the
- 20 University of North Texas, you're speaking from your
- 21 experience from 2017 to 2022, right?
- 22 A. Correct. So I'm not aware that there was a
- 23 policy that explicitly required individuals to combat
- 24 racism which is the question you asked.
- **Q.** Would that be within the scope of his job as

Jennifer Cowley 09/26/2024

A. It is the responsibility of the dean, in his

the Dean of the School of Music to commit the school to

- 4 role in leadership, to support an environment that would
- 5 welcome all students.
- **6** MR. ALLEN: Could you read the question
- 7 again for the witness? I don't think she answered my
- 8 question.
- **9** (Requested portion read back)
- **Q.** (By Mr. Allen) Could you please answer the
- 11 questions instead of that vague answer you gave before?
- MS. QUIMBY: Objection, form.
- **13 A.** It is the role and responsibility of each dean
- 14 to make sure that we're creating an environment where all
- 15 students are welcome. It would be the purview of each
- 16 leader to best determine how they would achieve that in
- 17 their individual unit.
- **18 Q.** (By Mr. Allen) So in his individual unit, was
- 19 committing the School of Music to combating racism within
- 20 his authority as dean?
- MS. QUIMBY: Objection, form.
- **22 A.** I'm not aware of explicit documents or
- 23 requirements that you're referring to.
- Q. (By Mr. Allen) I didn't ask if you were awareof documents. I asked a pretty simple question.

- MR. ALLEN: Can you repeat the question to
- 2 the witness, please?
 - (Requested portion read back)
 - A. And I responded it's up to each dean to
- 5 determine in the best way for which they are going to
- 6 ensure that there is a welcoming environment for all
- 7 students.
- **Q.** (By Mr. Allen) So is that, yes, he can do that?
- 9 Is that your answer? He may do --
 - A. He may do what? Can do what?
- **Q.** Commit the School of Music to combating racism.
 - A. There is no reason for you to get agitated.
- 13 This is a professional discussion.
- **Q.** You're not answering my question. I asked is
- **15** that then permitted?
 - A. Is what? Is what?
- 17 Q. Is it permitted to Dean Richmond to commit the
- 18 School of Music to, quote, "combating racism?"
- **19 A.** I'm not aware of a commitment that Dean
- 20 Richmond has made, and you've not provided a specific
- 21 commitment. So I can't respond further.
- **Q.** Why can't you respond? I'm asking you a very
- 23 simple, straightforward question. If you are going to
- 24 refuse to answer the question, just say so. Is he
- 25 allowed --

- **4 A.** You've not worded the question --
- **Q.** Was Dean Richmond allowed to commit the School
- 6 of Music to, quote, "combating racism" under your
- 7 leadership as provost?
- **8** A. As I have stated, the dean, at his discretion,
 - can best determine the methods and approaches for which
- 10 he will create a welcoming environment for all students.
- 11 If racism is, in fact, an issue in the college, it would
- 12 be his purview to think about how best to address that so
- 13 that there is a welcoming environment for all students.
- **Q.** So does that mean your answer is yes to thatquestion?
 - A. I provided my answer.
- **Q.** Were you aware of any racism in the school
- 18 of -- excuse me -- the College of Music while you were
- 19 provost?

- **20 A.** There are from time to time racist incidents
- 21 that happen across the university. Those are typically
- 22 reported into what was at that time -- I won't remember
- 23 the exact name of the office.
- 24 But there was an office that took all reports
 - of potential discrimination and investigated those to

57

determine if there was an incident of discrimination and
 the matter would be dealt with. I'm not familiar with
 specific examples in the College of Music.
 Q. So maybe this has already answered this
 question, but let me ask it anyway. My client, Timothy
 Jackson, did you ever know of any incident that he was
 investigated for allegations of racism?

8 A. I am not familiar with any incidents that he
9 may have been named in.
10 Q. Were you aware of any specific actions that my

Q. Were you aware of any specific actions that my client was supposed to have engaged in that were considered racist?

MS. QUIMBY: Objection, form.

A. Can you repeat that question?

Q. (By Mr. Allen) Can you identify or do you
remember any specific actions that my client supposedly
engaged in that were considered racist?

MS. QUIMBY: Objection, form.

19 A. I understand that concern was raised by the20 faculty and students that he may have engaged in21 activities that could be deemed as racist.

Q. (By Mr. Allen) Do you know what specificactivities they were referring to?

A. Specifically it was referring to a publicationthat he had produced a journal article.

Jennifer Cowley 09/26/2024

Q. So basically publishing something. That was

10 had spoken in a journal article or a publication and that

11 was racist. Is that fair?

MS. QUIMBY: Objection, form.

A. There was a letter from the students and from the faculty, separate letters, that were shared with my office that raised concerns about the publication of the Journal of Schenkerian Studies as well as concerns about Dr. Jackson's specific journal article.

O. (By Mr. Allen) Okay, Thank you, And just for

18 Q. (By Mr. Allen) Okay. Thank you. And just for19 the record, is that Volume 12 of the Journal of

59

well, let me just ask that under your leadership as

3 provost, the University of North Texas was committing to

4 upholding the highest professional standards of

5 scholarship, right?

6 A. It is an expectation of our faculty to engage

7 in scholarship if they're in a tenure system position.

8 And it's an expectation of those who are in positions

9 that engage in scholarship that they should be behaving

10 in professional ways.

Q. And did you expect the University of NorthTexas press to uphold the highest standards of

13 professional scholarship?

A. The University of North Texas press has a
 responsibility to make sure that we're producing
 publications of a professional nature

publications of a professional nature.Q. Was the University of North Texas press under

18 your authority as provost?

A. The university press reports to the university
libraries, and the university libraries reports to the
provost office.

Q. Okay. Incidentally did Dean Richmond report directly to you?

A. Dean Richmond reported at that time directly to me.

Jennifer Cowley 09/26/2024

60

1 Q. And his division chairs reported directly to

24

25

58

A. Correct. That was my understanding, yes.

Q. Good. Did the University of North Texas strive

5 to hold itself to professional standards that differed

6 from other state universities?

A. That would be context specific. But generally

 ${\bf 8}$ $\,\,$ speaking, the research universities across the state

9 strive to meet the same general professional standards.

10 Not every university is going to have every discipline.

And their are variations cross disciplines in terms ofexpectations.

Q. And to your knowledge, did the University of
North Texas press strive to establish different standards
than for other comparable publications in whatever fields
it was publishing?

A. I can't speak to that.

Q. You didn't supervise the activities of the University of North Texas press in that kind of detail?

A. No, not directly. That was the purview of the university libraries.

Q. Okay. Is it unprofessional to publish articlesthat offend other academics?

A. It is quite common for scholars to engage in disagreements.

I can't speak to whether they were offended or not.

Q. Is it professional for a faculty to call for

for Professor Jackson to be fired?

63 A. It is perfectly reasonable for colleagues to 1 raise concerns about other colleagues to express their 3 viewpoint on any particular colleague's behavior. Q. (By Mr. Allen) Including calling for them to be 5 fired? MS. QUIMBY: Objection, form. 6 7 Any individual could choose to say that I 8 believe a colleague should be fired. 9 Q. (By Mr. Allen) Sure. They can choose to say 10 that, but my question is different. Is it professional conduct for them to call for their colleague to be fired? 11 MS. QUIMBY: Objection, form. 12 13 That's context specific. 14 (By Mr. Allen) I just gave the context. The 15 faculty of the University of North Texas MHTE program, was that professional conduct for them to call for 16 17 Professor Jackson to be fired? MS. QUIMBY: Objection, form. 18 19 The faculty raised serious concerns regarding 20 the publication of the Journal of Schenkerian Studies. And some of those faculty believed that the publication 21 22 was so serious that they believed it could result in 23 Dr. Jackson being fired. That was their viewpoint. 24 (By Mr. Allen) Of course, it's their viewpoint. But my question is was that professional behavior of them Jennifer Cowley 09/26/2024 64 as scholars to call for him to be fired? 1 2 A. It's absolutely professional for colleagues to 3 call out and raise concerns about publication practices. Q. Was it professional for the graduate student, 4 5 Rachel Gain, to call Professor Jackson a piece of shit? MS. QUIMBY: Objection, form. 6 7 I have no knowledge of that statement. 8 (By Mr. Allen) Assume for me, please, that that 9 did happen. Would that be professional conduct of a 10 graduate student? 11 MS. QUIMBY: Objection, form. 12 That would be context specific. 13 (By Mr. Allen) On Twitter, for instance, would that be professional conduct? 14 15 A. If a student is acting in their individual 16 capacity as an individual, they're free to express 17 whatever they wish. 18 Q. Including insulting their professor, right? 19 That would be their choice. Would it be professional -- let me strike that. 20 21 Is it professional as a faculty member to call for an academic publication to be shut down if they 22 23 disagree with the viewpoints expressed in the 24 publication? MS. QUIMBY: Objection, form. 25

Correct.

Jennifer Cowley 09/26/2024 67 (By Mr. Allen) I'm sorry. Could you state your 1 2 answer? It was just spoken over just by accident. What 3 was your answer? Correct. A. Thank you. You wanted the so-called ad hoc 5 6 panel to investigate the Journal of Schenkerian Studies, 7 correct? 8 I requested that the ad hoc panel review the production of Volume 12 of the Journal of Schenkerian 9 10 Studies. Q. And you specifically instructed them to do so 11 12 objectively, right? 13 A. You would have to refer to the specific charge that I gave to the committee. 14 15 Q. As you sit here today, you can't remember instructing them to conduct an objective investigation? 16 17 I would want to look at the specific charge. 18 But the general intention was that they would conduct a 19 review of the production process, focusing on the process 20 and procedures that were used to produce the journal. 21 Q. Did you -- so that again wasn't my question. 22 And this will take a lot less time if you would answer my 23 question instead of answering the question that you apparently want to answer. 24 25 I asked about objectivity; do you understand Jennifer Cowley 09/26/2024 68 1 where it's talking about the objectivity of the investigation. And my question is you don't remember 3 instructing them to give an -- to undertake an objective investigation? 4 5 MS. QUIMBY: Objection, form. Again I would want to review the specific

charge that I gave to the ad hoc panel to determine

whether I used the word objective.

Q. (By Mr. Allen) As a provost instructing a faculty panel to undertake any investigation, were you indifferent to whether they did it objectively or not?

MS. QUIMBY: Objection, form.

The expectation is that they would undertake a reasonable review of the matter and draw reasonable conclusions.

(By Mr. Allen) As you used the word, quote, "reasonable," is that the same as objective in your view?

You haven't defined the word objective.

Well, that's what I'm trying to ask you about.

What do you understand by an objective investigation,

President Cowley?

An objective investigation would review relevant materials and draw reasonable conclusions based on the information that they have gathered in that review

7 MS. QUIMBY: Objection, form.

I can't speak to any specific evidence that the committee did or did not review, so I

10 can't (inaudible).

(Cross-talk) 11

> (By Mr. Allen) I'm not asking -- can we just -- can we be clear? I did no not ask you about that. This will really take a lot less time if you just answer the question. I'm asking about standards of university investigations under your leadership as provost in general terms.

Is it objective for UNT investigations, in your view, if they disregarded exculpatory evidence?

20 MS. QUIMBY: Objection, form.

Again this is context dependent, so I can't speak to any particular evidence that has or has not been presented to that committee.

24 (By Mr. Allen) In what context, would 25 disregarding exculpatory evidence be objective? Maybe

> Jennifer Cowley 09/26/2024

you can enlighten me.

I couldn't speak to any specific examples.

3 You haven't provided appropriate context.

Q. Can you provide me with any examples in which 4 disregarding exculpatory evidence would be objective? 5

MS. QUIMBY: Objection, form. 6

If that evidence was falsified.

8 (By Mr. Allen) Any other examples of how it

would not be objective to disregard exculpatory evidence?

10 Not that I can think of off the top of my head 11

Would a witness lying to an investigatory panel be an example of how did you put it? Falsifying evidence?

15 MS. QUIMBY: Objection, form.

16 That would be context specific, so I can't 17 speak to an individual statement.

18 (By Mr. Allen) You can't speak to the -- to the -- what your testimony today is that you can't speak to 19 20 whether lying to an investigation panel would be somehow 21 objective or not?

22 I can't speak to what the nature of a lie would be or the context in which a lie was presented.

So is it your testimony today that there are 24 some context specific situations in which it's okay to 25

lie to an investigation committee? 1

2 A. I would need further context. So in general is 3 lying appropriate? No. Is telling someone that you like

their tie when you don't really? Is that a problematic

5 lie? Perhaps not. So it really depends on the context

6 and what the communication was to the panel and what the

7 nature of that evidence was.

8 Q. Did you understand the ad hoc committee to be

asking about people's tie colors? 9

10 No. I presume they did not ask about tie 11 colors. I simply provided an example.

12 Q. Are there any rules or policies of the

13 University of North Texas that would make it a violation

for graduate students to lie about their professors in a 14

15 way that was material? In a way that compromised and

prejudiced them? Not tie colors and things you just 16

17 mentioned but about real material situations?

A. I would have to review the Student Code of Conduct to see if there was something -- if there would be something that would be applicable. But generally speaking, the Student Code of Conduct governs student

22 behaviors

18

19

20

21

70

23 Q. As you sit here today, you can't remember whether that is against the policies of the University of 24

North Texas?

Jennifer Cowley 09/26/2024

72

71

1 A. I have no details about what lies you're 2 speaking of, so I can't respond further to this question.

3 Well, I wasn't speaking of a lie in particular.

Now I'm asking is that -- is telling a material lie about 4

a professor, would that violate a policy or rule of the

university? And you're saying you don't really know

7 unless, I guess, you went and read some policies. Is

8 that your answer?

9 **A.** My understanding is there is not a specific 10 policy that would state specifically what you have said. Generally speaking, the Student Code of Conduct governs 11

student conduct, but it does not go into that level of 12

13 detail to say if a student says a lie about a professor,

then it would be a violation of the Student Code of 14

15 Conduct.

16

17

18

19

24

25

Q. In the course of an investigation, is it the responsibility of an investing panel like the ad hoc committee to raise new violations in the course of their investigation if they come across evidence of a different

20 policy violation than they're investigating?

21 MS. QUIMBY: Objection, form.

Q. (By Mr. Allen) Maybe it's a bad question. You 22 23 understand my question?

Would you perhaps rephrase it?

Sure. You convened a so-called ad hoc panel, Q.

4

14 15

16

21

2 A. Correct.

Q. To investigate what I believe you said is

Volume 12 of the Journal of Schenkerian Studies, right?

5 A. Correct.

Q. And if in the course of that investigation they

7 discovered evidence of different policy violations, did

8 they have an obligation to report those to the

9 university? In other words, not about the journal's

10 publication practices but they discovered some or policy

11 violation. Would you expect those to be brought to your

12 attention?

MS. QUIMBY: Objection, form.

A. That would be context dependent. So if it was related to the publication of the Journal of Schenkerian Studies and they determined that there was a policy that

may have been violated, then, sure, they can bring that

18 forward as part of their recommendations.

Q. (By Mr. Allen) Were they obligated to, or they

20 just can do that if they feel like it?

A. They were responsible for responding to the specific charges that were outlined. That was their duty

23 and responsibility.

Q. Right. And I didn't ask about that. I asked

25 if that was something they must do or something they

Jennifer Cowley 09/26/2024

could do. If they find evidence of another UNT policy

violation, should they bring that to your attention?

3 MS. QUIMBY: Objection, form.

4 A. Again that's context dependent. I think could

5 is the right answer depending on the context.

6 Q. (By Mr. Allen) So they had discretion to do

7 that. Is that your answer?

8 A. Their responsibility was to respond to the

9 specific charge that was given to them. Without further

10 context of what you're talking about, I can't respond

11 further.

17

23

Q. Is it objective in an investigation to limit

13 yourself strictly to a charge that was given to you such

14 as you gave to the ad hoc panel?

MS. QUIMBY: Objection, form.

16 A. Can you repeat your question?

Q. (By Mr. Allen) Sure. Is it the hallmark of an

18 objective investigation to limit the investigation

19 strictly to your charge in the case of the ad hoc panel?

20 A. That was the responsibility of the ad hoc panel

21 was to respond to those charges.

Q. So your answer is yes?

MS. QUIMBY: Objection, form.

24 A. The committee produced a report that responded

25 to those charges.

Q. (By Mr. Allen) So your answer is yes?

MS. QUIMBY: Objection, form.

A. I have provided my response.

Q. (By Mr. Allen) So you're refusing to answer yes

5 or no?

1 2

3

7

6 A. Correct.

Q. About the College of Music, can you give -- and

8 to as your experience as provost, how important is the

College of Music to the University of North Texas?

10 And let me preface that by saying I think at

11 all universities, even the most prestigious, some

12 departments or colleges have more prestige or reputation

22 departments or coneges have more prestige or reputati

than others. And I'm just trying to get you to assess

where the College of Music stood in the relative, say,

15 reputational heft of programs at the University of North

16 Texas.

21

74

17 A. Of course, as a provost, we value all academic

18 programs and their contributions. It's a bit like your

19 children. You love them all.

20 Q. Sure.

A. The College of Music has an excellent global

22 reputation and is a point of pride for the university.

Q. More so than other programs? I mean, I'm not

24 asking you to badmouth other programs, so it's not about

that, please. I'm just trying to get a sense of is it

Jennifer Cowley 09/26/2024

76

75

1 more so than other programs, the College of Music?

A. There are a number of programs that are very

3 highly ranked across the university and others that do

4 not have as high of a ranking. The same is true within

5 the College of Music; that there is some programs that

6 are more well known than others.

7 Q. How well known is the music theory program at

8 the University of North Texas compared to peer programs

9 at other universities?

10 A. I couldn't speak specifically to the music

11 theory program. It is the music performance program that

12 is the most well known.

Q. Does it rank highly nationally?

14 A. Which program?

Q. The one you just mentioned. The performance

16 program.

15

20

17 A. Ye:

Q. And if you know, how highly is the University

19 of North Texas overall ranked nationally?

A. It would depend on the ranking institution that

21 you were looking at.

Q. Well, I don't know. U.S. News & World Reports.

23 That's a very common one.

A. I would say that UNT is ranked in the upper

25 200s nationally.

Jennifer Cowley 09/26/2024 And is the College of Music ranked higher than 1 the general ranking of the university? 2 3 U.S. News & World Report does not rank music 4 schools. 5 Q. Do you know of any rankings of programs like the College of Music? 6 7 A. Billboard magazine, for example, has a ranking of music performance programs. And if I recall, they're 8 typically ranked the top 25 nationally. 9 10 Q. Okay. So whereas the university is ranked in the, I guess, upper 200s. Is that how you put it? 11 12 Yeah. I think that's fair. 13 200 and above? That's fair. 14 15 But -- so we can at least agree that the College of Music, by ranking 25th and above, is -- has a 16 higher weight, if you want to call it that, than the 17 18 university as a whole? 19 MS. QUIMBY: Objection, form. 20 **A.** I want to be cautious in how you frame that. The -- there are far fewer music schools than there are 21

Jennifer Cowley 09/26/2024

Q. Thank you. Moving on to this special status at

reputation exceeds that of the university as a whole.

-- generally speaking, the College of Music's

universities. And so it's a relative weighting but --

(By Mr. Allen) Sure.

the University of North Texas that it's bestowed on 2 3 faculty called Distinguished University Research Professor. Did I get that right? 4 5 A. Yes. That is one of the titles. Can you explain what a university --6 7 Distinguished University Research Professor is? 8 It's a title that is bestowed upon a university 9 professor based on their record of scholarly 10 accomplishments. It is a committee that reviews nominations each year, and they select faculty that they 11 think best represent the qualifications. 12 What's the name of the committee, if you know? 13

I don't recall the name of the committee, but it would be something like the Faculty Awards Committee. Okay. And do you know how -- excuse me. Let me back up. It's not a permanent designation, is it, like an endowed chair? A. No. It is up for review periodically, and there is a limit to the number of people in the university that can hold that title.

How many are there total, if you know? 22 23 A. I don't recall that number.

Do you know in a ballpark? Like is it more 24 Q. 25 than ten?

A. I would say it represents no more than one to two percentage of the faculty.

3 Q. Okay. How many faculty total at the University of North Texas?

5 A. Order of magnitude, 1,200, but a portion of 6 those would be tenure system which are the ones that 7 could be potentially eligible for this so, say, 600 or so tenure system faculty.

9 Q. Okay. Is a tenure system meaning the same as 10 tenure track?

11 Δ. Correct.

12 Q. Okay. So of approximately 600 professors --13 and I understand that's not an exact number -- about one to two would be chosen? And I'm not trying to put words 15 in your mouth. Is that correct? One or two percent would be chosen as Distinguished University Research 16 17 Professors?

18 A. You'd have to look at the explicit criteria, 19 but I think it's fair to say that it's a limited number 20 of faculty on the campus. 21

Q. And, of course, they're spread throughout the 22 disciplines, correct?

23 A. Correct. They're not all located in the College of Music. 24

And here is my followup question. It's not the

Jennifer Cowley 09/26/2024

80

79

1 case that there is a Distinguished University Research

2 Professorship designated for each discipline, is it?

3 Correct. It's a university-wide designation.

And it's merit based. Ο.

5 A. Correct.

> Predominantly based on research achievements. ο.

Correct. A.

8 Q. And you said they are evaluated periodically,

9 right?

6

17

18

19

21

22

10 A. Correct.

And do you recall how often they are evaluated 11 to maintain that status? 12

13

I don't recall the exact number of years but, ballpark, every five or six years. 14

Q. Okay. What are the perquisites that come with 15 16 a Distinguished University Professorship?

A. There is the title of University Distinguished Professor, and then there is a compensation that comes with that recognition. It's a nominal compensation.

20 Q. Approximately how much?

A. I'd have to review the criteria. I don't recall off the top of my head.

23 Q. You said it's nominal. Does that mean it's not -- it's not a significant percentage of their salary, for 24 lack of a better metric?

7

- A. Correct.
 Q. Okay.
- **A.** It's an acknowledgment of the recognition and
- 4 achievement.
- **Q.** Do they get any research funds?
- A. I don't recall that.
- **Q.** And in assessing their achievements, when
- 8 someone goes up for a Distinguished University Research
- 9 Professorship, are their achievements measured by the
- 10 standards of their field?
- 11 A. Their colleagues would submit a nomination that
- was positioned around why their scholarship has created
- 13 substantial impact.
- 14 Q. Thank you. And you're aware that Timothy
- 15 Jackson was a Distinguished University Research
- 16 Professor?
- 17 A. Lam.
- **18 Q.** And to your knowledge still is, correct?
- 19 A. I have no knowledge since I left the university
- 20 of his particular title.
- **Q.** There is no prohibition at the University of
- 22 North Texas against professors publishing on issues
- 23 outside their immediate field of research, right?
- 24 A. Correct.
- **Q.** And in fact that's quite normal, isn't it?

Jennifer Cowley 09/26/2024

A. It's entirely possible for a faculty member to

- 2 publish outside of their field. Their annual reviews and
- 3 promotions would be largely dependent on publications in
- 4 their field.

1

- **9.** Is there a level of scholarly achievement that
- 6 is required to become a division chair?
- **7 A.** The qualifications and criteria to become a
- 8 division chair are not based on a scholarly record.
- **9 Q.** So is your answer no?
- **10 A.** Can you repeat the question?
- 11 Q. Is there a level of scholarly achievement
- 12 required to become a division chair?
- **13 A.** There is not a specific requirement.
- **14** Generally speaking, a faculty and leadership would be
- 15 looking for some level of experience that would provide
- 16 the requisite skills to lead a department.
- **Q.** So is it fair to say a record of scholarly
- **18** achievement helps but it not the main qualification?
- **19** MS. QUIMBY: Objection, form.
- **Q.** (By Mr. Allen) For a division chair. Excuse
- 21 me.
- **A.** I would say generally speaking, a preference
- 23 would be someone who is tenured and achieved the rank of
- 24 tenure because of their involvement in the promotion and
- 25 tenure processes. It's not a requirement, but it would

be a preference.

Q. It would be a preference, meaning a scholarly

achievement? I'm just trying to figure out what you mean

- 4 by it. That's all.
- **A.** In order to achieve tenure, they would have a
- 6 record of scholarly achievement.
 - Q. Okay. And would the answer be more or less the
- 8 same if I asked you the same questions about a dean?
 - A. For a dean it would be a combination of
- **10** experience in the faculty role and accomplishments as a
- 11 faculty member combined with leadership experiences.
- 12 Q. I did want to ask you a few more questions
- **13** about the University of North Texas press.
- 14 MR. ALLEN: And I was going to suggest,
- 15 Mary, that I don't think this will take that long and
- **16** maybe then we can take another break. It will be in
- 17 about another hour that's gone by. Is that something
- 18 that's fair?
- MS. QUIMBY: You're asking to take a break
- 20 in an hour?

21

82

- MR. ALLEN: No, no. After this next set
- 22 of questions. Well, I'm mindful that we have gone about
- 23 another hour, not quite. And I was going to say I'm
 - 4 going to go through these questions, and then maybe we'll
- 25 see if that's a time to take a break.

Jennifer Cowley 09/26/2024

84

83

- **1** MS. QUIMBY: Yeah. I think that's fair.
- 2 I think around 11:30 or 11:15 would be fine.
- 3 MR. ALLEN: Okay.
- **Q.** (By Mr. Allen) And again is that okay with you,
- 5 President Cowley?
- **6** A. Yes. I'd just like a lunch break at some
- 7 reasonable time from 11:30 to --
- **8 O.** Of course.
 - A. -- to you know --
- 10 Q. No one wants you to starve all day. Certainly
- 11 not.

q

- **12** As much as you know in your time as provost,
- 13 how was the University of North Texas press organized?
- **14 A.** During my time as the provost, the university
- press was under the libraries and operated within the
- 16 university library.
- **Q.** Do you know anything about its organizational
- 18 structure? I mean this is the structure within the
- 19 university. I understand that. The press itself, how
- 20 was it organized?
- **21 A.** So the director of the press reported to the
- dean of the university libraries, I believe.
 - Q. Who was that?
 - A. Diana Bruxvoort.
 - Q. She's the head of the libraries?

23

24

A range of duties. For example, they produced certain books. They had responsibility, for example, for producing the Journal of Schenkerian Studies, the final journal publication, and other -- and other publications. Approximately how many journals did the

University of North Texas press put out? 22 23 That, I couldn't tell you. Do you know if they published other journals in 24 25 the area of music and music theory?

Now, you've already mentioned the case of the 2 Journal of Schenkerian Studies. If it was genuinely found to have violated some sort of policies of the university, was the University of North Texas press ultimately responsible for that?

7 MS. QUIMBY: Objection, form.

8 Responsible for what?

9 (By Mr. Allen) Well, I'm not saying anything 10 specific. I mean, did the University of North Texas press have any responsibility for exercising oversight of 11 the journals it published? 12

The journal -- I'm sorry. The UNT press, as I understand it, was responsible for publishing what the editor of the journal provided. And so they published whatever content was produced by the Journal of Schenkerian Studies.

So they served as the publisher. So one of the questions was around what is their process for review, and I believe that's part of what the ad hoc task force looked at.

22 Q. And just to clarify, when you say their, who 23 are you referring to? The university press?

24 Let me --Α.

Or the journal of -- you know what I mean? 25

MR. ALLEN: Can you read the answer she 1

gave back? It's just I don't know who their is, and it's 2

3 just a point of clarification.

A. Okav.

(Requested portion read back)

6 (By Mr. Allen) So the clarifying question was

7 just their process over the view. Which -- who were you

referring to there? The university press or the Journal 8

of Schenkerian Studies?

10 A. Oh, you mean the reference to the ad hoc task 11 force's charge?

12 Q. Yeah. So we have got a few layers here. You had mentioned that they were supposed to review their process for review.

A. The journal. The journal of --(Cross-talk)

Just the journal? 17

18 But --

13

14

15

16

22

23

86

19 Ο. So that --

20 -- as part of that, they interviewed the UNT 21 press to understand their role and involvement.

Okay. And that's -- that's sort of my followup question. In general for journals under its label, the University of North Texas press, do you know what their responsibility was for monitoring the processes of those

> Jennifer Cowley 09/26/2024

> > 88

87

1 journals?

> 2 A. As I recall, they did not have a direct role in monitoring those processes for the development of the

journal. Their step in the process is once the content

was produced, to make sure that it was published.

More like an operations view of it. Is that 6 7 fair?

8 A. You'd have to ask the editor -- I mean the

journal publisher more details. But my general

10 understanding is theirs was an operational role to make

sure that the journal's content was published. 11

O. Okay. Now, we've already discussed this 12 Committee On Publication Ethics or called COPE. And if I 13

say COPE, we'll know what I'm referring to, right? 14

> Α. Yes.

16 Was COPE and its standards required by the

17 University of North Texas press in 2020?

A. I can't speak to that.

Q. Was that something that the so-called ad hoc 19

20 panel investigated?

MS. QUIMBY: Objection, form.

22 A. The charge to the committee was not specific to

23 COPE. The committee in its review -- the ad hoc task

24 force in its review process does reference COPE as it

relates to a couple of items that they identified. Page 85 to 88 of 215

Q. (By Mr. Allen) But as you sit here today, you
 have no knowledge whether the University of North Texa

have no knowledge whether the University of North Texas

3 press imposed these COPE standards on journals under its

4 label?

5 A. I do not.

Q. After this investigation of the Journal for

7 Schenkerian Studies that was conducted by the ad hoc

8 panel, were the COPE standards imposed on the University

9 of North Texas press?

A. No, not to my knowledge.

Q. Do you know -- and this is perhaps similar.

12 But do you know if the University of North Texas press

13 imposed COPE standards on any other journal? Leave out

14 the JSS, the Journal of Schenkerian Studies. Were

15 they --

10

16 A. I have no knowledge of that.

17 Q. Okay. Is there any policy at the University of

18 North Texas while you were there that publications that

19 don't follow COPE should be closed?

20 A. No.

Q. And do you understand the COPE standards to

22 forbid anonymous publications?

23 A. The use of anonymous publications is extremely

24 rare and unusual, but I do not believe that the COPE

25 standards say they're not permitted.

Jennifer Cowley 09/26/2024

1 Q. Thank you. And do you -- do you understand the

2 issue that -- of potential conflict of interest when an

3 editor publishes an article in the journal that is under

4 their control as an editor?

5 MS. QUIMBY: Objection, form.

A. Can you repeat the question?

7 Q. (By Mr. Allen) Sure. Let's strike that

8 question.

6

9 Let's go back to your experience. You said you

10 were on the board of editors of at least one journal,

11 right?

12 A. Correct.

Q. And I think you said more but you only gave one

14 example as one you remembered, right?

15 A. Correct.

Q. And is there a conflict of interest raised by

17 someone on the board of editors publishing in the journal

on which they are one of the board members?

19 A. It would be a question of how that review

20 process is handled to ensure that there is not a conflict

21 of interest.

 ${\bf Q.} \qquad {\bf Sure.} \ \ {\bf Do} \ {\bf you} \ {\bf remember} \ {\bf the} \ {\bf journals} \ {\bf that} \ {\bf you}$

worked on as a board member having an express conflict of

24 interest policy?

25 A. I recall that as a point of conversation in

training for new board members, but I don't recall

2 specifically whether there was a policy or not.

Q. What was the nature of those discussions?

4 Could you be more specific? I'm just going back one

5 second. I want to -- it's -- what was the name of the

6 journal you gave?

A. The Journal of Planning Literature.

8 Q. And that was one among others. But the Journal

9 of Planning Literature, so let's focus on that. Were you

10 saying when you were on the board there you did some sort

11 of training?

12 A. They had -- I'll call it an orientation for new

13 board members. They held a board meeting and provided an

14 overview of responsibilities and update on the journal's

15 turnaround times and other kinds of facts and details

16 about the journal and then talked about roles and

17 responsibilities as a board -- editorial board member.

18 Q. And you recalled the issue of this conflict of

19 interest that we've just discussed coming up?

20 A. I do.

21

25

3

15

90

Q. About how long was that meeting?

22 A. I believe it was a couple of hours long. But

23 that's been more than a decade ago, so I don't recall

24 specific details.

Q. I understand. But how long -- inasmuch you can

Jennifer Cowley 09/26/2024

92

91

1 remember, how long did they spend talking about conflicts

2 of interest?

A. I could not tell you that.

Q. Do you remember if it was a lengthy

5 conversation or a short one?

6 A. I don't recall any details. Only that the

7 topic came up.

9 that journal?

10 A. It would not surprise me that board members

11 published in that journal. It's one of the top journals

12 in the field.

Q. And wouldn't publication in the journal be seen

14 as a qualification for people who were put on the board?

MS. QUIMBY: Objection, form.

16 A. I can't know what the editor -- how the editor

17 decided who should be serving on that board.

18 Q. (By Mr. Allen) And I know you talked about

19 being on the board of that journal, but you also said you

20 had been on the board of editors of other journals. And I

21 know you said you couldn't name them, but does any other

22 conversation about conflict of interest stand out in your

work as a board member of those other journals?

24 A. That was the one that stood out in my mind. I

25 don't recall others.

(By Mr. Allen) Do you know what COPE recommends as, quote, "careful management" for those kinds of situations of conflicts of interest?

I'd have to go back and review. I believe that that was a topic that came up in the ad hoc report, but I don't recall the specific details.

And, of course, I'm not talking about the ad 14 15 hoc report. I'm talking about COPE. If you don't know, then that's fine to say so. So as for editors, let's 16

talk about editors first. Is it safe to say you don't 17

18 know in detail what COPE says other than that it should 19 be handled carefully when an editor publishes in their

I think that's an adequate level of detail at Α. this point that I'd want to go back and review those standards. And if I was the editor of a journal, then I would certainly be looking for counsel and wisdom if I were to pursue something like that.

Jennifer Cowley 09/26/2024

94

Q. And would the same go for a member of the board 1 of editors? 2

3 It would be typical for there to be procedures or a discussion with the editor about how to handle a submission.

Okay. And to your knowledge, does COPE forbid 6 7 non-peer reviewed articles in academic journals?

Α.

Does COPE provide guidelines for who should be invited to publish in an academic journal and under what circumstances?

MS. QUIMBY: Objection, form. 12

No. I don't believe it goes into that level of 13 Α. specificity. 14

(By Mr. Allen) Do you know if COPE provides any guidelines on what the meaning of a commentary is in an academic journal?

18 I would have to review COPE guidelines.

But as you sit here today, you're not aware of 19 Q.

20 any?

21 MS. QUIMBY: Objection, form.

22 A. Not specifically.

23 (By Mr. Allen) And if I asked the same question or set of questions about a quote, "symposium," would 24

your answer be the same? 25

It would be the same.

Okay. Have you heard of the Journal of

Theoria? It's spelled like theory but with i-a instead

of y on the end. Theoria.

A. I have heard of it.

What is the Journal of Theoria?

That, I couldn't tell you. Only that it's a

8 journal that's in the College of Music at UNT.

Q. Do you know if it's also published by the

10 University of North Texas press?

I have no information on that. 11

If I was to tell you it is published by the

13 University of North Texas press, can I ask you to assume

14 that it is?

15 A. If you state it, then I have no reason to

believe it's not true. 16

17 Q. I'm sure your counsel will point it out to you 18 if I'm misstating something and will have that

19 opportunity. But my followup question is actually a

20 pretty simple one.

> As a provost, do you believe that the Journal of Theoria should be subject to different rules for publishing academic articles than the Journal of

Schenkerian Studies which is also published by the

University of North Texas press?

Jennifer Cowley 09/26/2024

96

95

1 A. I can't speak to that because I don't know what

2 rules or procedures Theoria uses. I have no familiarity 3

with Theoria other than simply knowing it exists. 4

Q. Well, you certainly had one journal 5 investigated for its procedures for publishing a

6 symposium in 2020, right?

Α. Correct.

8 Q. Should the Journal of Theoria be subject to

9 different standards than were applied in that

10 investigation?

MS. QUIMBY: Objection, form.

A. If the Society of Music Theory wrote to the university and expressed concerns over that journal, then certainly we would review the -- I would have, as the provost, reviewed that journal and its publication processes

17 Q. (By Mr. Allen) But you never heard of the 18 journal for music -- excuse me. Strike that, please.

19 You never heard of the Society for Music Theory 20 expressing any concerns over the publication of Theoria, 21 right?

A. Correct. I do not believe my office ever 22 23 received any complaints regarding Theoria.

Q. And then just back to my previous question. 24 Do you really think there should be different standards

for the Journal of Schenkerian Studies than there are for 1 2 Theoria? 3 MS. QUIMBY: Objection, form.

Different journals will choose different forms 4 5 of publication whether they're editorial reviewed or peer 6 reviewed and have, you know, a breadth of ways of communicating. Should they all do that in a professional 7

13 (By Mr. Allen) Well, I don't know. You went in and, you know, investigated one journal but not the 14 15 other. That's clear, right? As you just said, you just testified to that. 16

The reason we investigated the Journal of Schenkerian Studies is because the Society of Music Theory raised explicit concerns regarding the production of Volume 12 of the Journal of Schenkerian Studies. If any professional society wrote to the university expressing concerns over a publication, then it likewise would have received an investigation. MR. ALLEN: I'm going to move to strike

We just have already established that. What I'm asking 5

is there was an outcome by the ad hoc panel about the

7 Journal of Schenkerian Studies, right?

The outcome was recommendations for how the

9 Journal of Schenkerian Studies could improve. 10 Okay. And should those same standards of

publication be applied to all journals in the College of

Music? 12

MS. QUIMBY: Objection, form.

I can't speak to other journals in the College 14 of Music because I'm not familiar with what standards or 15 16 approach they use.

17 (By Mr. Allen) Would it be okay under your 18 leadership as provost for there to be double standards? One standard for the Theoria and one standard for the 19 20 Journal of Schenkerian Studies?

21 MS. QUIMBY: Objection, form.

There are different forms of publication. I have no knowledge of whether or not these other journals that you speak of have a peer review practice or other

practices

(By Mr. Allen) So that was never of concern to 1 2 you that there might be double standards in the College 3 of Music?

MS. QUIMBY: Objection, form.

5 A. My concern was specific to the Journal of Schenkerian Studies and the concerns raised by the 6 7 Society of Music Theory.

8 Q. (By Mr. Allen) And, you know, while you might 9 guess by the title Theoria that Theoria is a journal of 10 music theory, right?

But is --11 Δ.

12 Q. It's sort of in the title.

13 But music theory did not raise concerns about

Theoria. 14

15 Q. Right. You said that, I think, about six

times. My question is very different though. Should 16

17 both journals of music theory be abiding by the same

18 standards that are imposed by the University of North

19 Texas?

23 Q. (By Mr. Allen) And you remain completely 24 uncurious about it too, don't you?

1 A. Mr. Allen, I don't work for the University of 2 North Texas anymore. My concerns at the present day are

3 focused on my own institution that I work at today.

Q. (By Mr. Allen) And it wouldn't bother you as 4

5 provost that Theoria went along its merry way doing the

same things that the Journal for Schenkerian Studies had

7 done so long as the Society for Music Theory never

8 complained? That's your testimony today?

MS. QUIMBY: Objection, form.

10 Each of our faculty members is expected to behave in professional ways and uphold standards of their 11 disciplines. I can't speak to who the person is that's 12

responsible for Theoria or for anything about that 13

journal. 14

(By Mr. Allen) Are you aware that Theoria published articles without per review?

17 I'm not. As I have said, I have no knowledge 18 of Theoria other than it is a journal.

Q. So if Theoria is publishing articles without peer review, is that something that would have been a concern to you as the provost if you had known?

MS. QUIMBY: Objection, form.

23 Not necessarily. If they were producing 24 another form of review such as editorial review and doing 25 that in a professional way, that's not at issue

22 (Deposition Exhibit No. 1 was marked) 23 (By Mr. Allen) Do you recognize this document, Q.

24 President Cowley?

25 A. I do not recognize it. 15 A. No. It was the same email address, but 16 students might choose to email me asking questions about

17 planning, that sort of thing.

Q. Did you use any other email to conduct the 18 business of provost? 19

20 This was my official email as provost.

Q. Okay. So this is July 31st, 2020, at 9:30 in 21

22 the morning, more or less, 9:35. And Dean Richmond is

23 announcing a formal investigation, correct?

24 That's what it appears to say.

25 Had you discussed this with him beforehand? Q.

A. I don't recall the exact timeline of when we spoke, but we did have a conversation about the provost office engaging in a review of the publication.

Q. And just so I understand correctly, did Dean Richmond have independent authority to investigate the Journal of Schenkerian Studies?

7 A. The college could certainly have the ability to
8 review some matters. I'm not clear exactly from this
9 email precisely what was intended to be investigated.

But the provost's office took the responsibility of
forming an ad hoc task force to review the publication of
Volume 12.

Q. Okay. And we'll get to that in a minute. I guess my question is a little different. Let me ask a different one. Dean Richmond of the College of Music, did he have any authority over the University of North Texas press?

18 A. He does not.

Q. (By Mr. Allen) Let me rephrase the question a
 bit. Did he have the authority to conduct an official
 investigation of a journal published by the University of
 North Texas press?
 A. The journal is in the College of Music, so he

would be -- it would be possible for him to review a journal. What I suspect -- I won't suspect. I'll leave it at that.

Q. Well, what I'm trying to figure out is if -well, let me ask this. Was this formal investigation, is
he referring to the investigation conducted in
conjunction with your office?

A. I can't speak to what Dr. Richmond was communicating in that message. What I can say is that the provost office was the one who led the review of the Journal of Schenkerian Studies.

Q. Okay. And if he was -- let me put it this way.
If he was stepping beyond his authority and CC'ing you on
it as the provost, we would expect you to send an email
correcting that's, I guess, exceeding his authority,
wouldn't we?

MS. QUIMBY: Objection.

Q. (By Mr. Allen) Let me strike that question. Your attorney is probably correct.

25 If this was improper for him to begin an

investigation without your authorization, you certainly

2 would have responded to that, right?

MS. QUIMBY: Objection, form.

4 A. The dean and I certainly had a conversation5 regarding what role the provost office would have and the

6 formation of the ad hoc -- that I would take on the

formation of an ad hoc task force to review the matter ofthe journal.

9 Q. (By Mr. Allen) And did you do that before he made this announcement?

A. The task force commenced in August, so a decision regarding the provost office launching a review would have been roughly around this time. But it took a couple of weeks to request members to join, to have them accept, and then to launch their first meeting.

Q. Sure. So what I'm trying to get at is if he'sdoing this with your authority or not.

MS. QUIMBY: Objection, form.

19 A. I can't speak to what Dr. Richmond was saying,20 you know (inaudible).

Q. (By Mr. Allen) Well, you can speak to what's said in the email. And I'm not interested in what he was saying to you or thinking right that. I'm asking was this sent with your authority?

MS. QUIMBY: Objection, form.

Jennifer Cowley 09/26/2024

120

Q. (By Mr. Allen) Do you approve of this?

2 A. Dean Richmond clearly drafted this message.

3 What I'm communicating is the investigation happened

4 through the office of the provost through the ad hoc task

5 force.

Q. But you're not able to testify, as you sit here
today, whether when he says we've begun a formal
investigation, that that is the same thing as the

o investigation, that that is the same thing as the

9 investigation you authorized through the ad hoc panel?

10 A. I can't speak to that.

Q. If he was acting outside the scope of his authority, was that something that you would approve?

MS. QUIMBY: Objection, form.

A. The dean and I coordinated so that he was aware that the provost's office would be conducting a review of the Journal of Schenkerian Studies. I am not aware that he undertook any other investigation outside of what the provost office undertook.

Q. (By Mr. Allen) Is it fair to say since you're CC'd on this email that you knew of the controversy by this time, July 31st?

MS. QUIMBY: Objection, form.

A. I was aware in the summertime, and it seems by this email that certainly I would have been aware by this point in July.

That is what's stated.

21 And as the provost, do you know what they're

talking about there that they're publishing on the 22

24 A. I was not aware that this existed.

25 MR. ALLEN: So I'm marking as Exhibit 4 11 Q. Okay.

12 A. Are you asking me to read a portion of this or

13 would you --

15

20

23

25

14 Q. If you want the whole thing, I can even email

it to you or something of that nature to your counsel.

But I'm going to direct you. It's not -- it's six pages.

17 But in the interest of moving along, I want to direct

18 your attention to specific parts of it. Is that fair?

19 Okay. That's fair.

At any time, President Cowley, (inaudible) more

or need more information that's in the letter to inform 21

22 your testimony, just tell me. Okay?

Okay.

I'm going to go to the first paragraph here. 24

Can you move the arrow to point to whether --A.

- you mean the very first paragraph on the page? 1
- 2 Q. Yes.
- 3 Α. Okay.
- See this one? 4
- 5 Α. Yes.
- I should have been more specific. Thank you. 6
- 7 And in specific, the letter states, This morning, Dean
- Richmond -- sorry. That wasn't very felicitous since the 8
- pop-up occurred right where I was trying to show you. 9
- 10 It says, This morning, Dean John Richmond
- announced that the school will conduct a full 11
- 12 investigation.
- 13 Do you see that?
- Yes, I see that. 14
- 15 **Q.** Do you consider the announcement of a full
- investigation to be an action of the school? 16
- 17 MS. QUIMBY: Objection, form.
- 18 (By Mr. Allen) Let me strike that. An
- 19 investigation by the school is an action of the school,
- 20 right?
- MS. QUIMBY: Objection, form. 21
- 22 So the way it's phrased here is different than
- 23 the way it was phrased in the letter that Dean Richmond
- sent out. I understand it's a different author, so I 24
- 25 understand that. As we've described before, the

Jennifer Cowley 09/26/2024

- university through the provost office ultimately 1
- conducted the investigation. 2
- 3 Q. (By Mr. Allen) Right. And you consider the
- investigation to have been an action of the school 4
- 5 ultimately, right?
- A. It was an action of the provost's office. 6
- 7 Okay. Thank you. Now, I just -- I just have a
- 8 few more brief questions. Here are some -- actually, why
- don't you go ahead and read this briefly because the 9
- 10 purpose of the letter, as it says, is to, quote, "some
- attachments" that were attached to this letter which are, 11
- I believe, the letters of the students and the faculty 12
- that you referred to earlier. 13
- But why don't you read them, and then I'll just 14
- 15 ask you if that is the case.
- 16 A. Can you unhighlight? That will make it a
- 17 little easier. Thank you.
- 18 Q. Yeah. Let me get that. Is that all on screen
- for you, President Cowley? 19
 - A. It is. Don't scroll up any more, please.
- Q. I will take my hands off the scroll. 21
- A. Okay. I've read through the indented text on 22
- Page 3 at the top. 23
- 24 Q. Okay.

20

25 If you'd like me to read further, just let me 1 know

- 2 Q. Well, let's just start with that. The graduate
- 3 students sent you a letter or you received something by
- email from them, correct?
- 5 **A.** It was not directly from the graduate students.
- 6 But I believe at some point --
 - Q. Oh, okay.
- -- Dean Richmond shared the students' 8 Α.
- 9 statement.

7

13

3

12

17

- 10 Q. Just if you remember, and I realize it's been a
- long time, is this a -- is this an excerpt of that 11
- 12 communication that you received?
 - MS. QUIMBY: Objection, form.
- 14 A. I don't recall, but I don't have a reason to
- 15 believe it would not be.
- Q. (By Mr. Allen) And that's perfectly fair. If 16
- 17 you could just read the -- I'll move this up so we're
- 18 just dealing with the second block quote, It's my
- 19 representation, and in the letter that this is the
- 20 faculty statement that you received at some point which
- 21 you also testified to earlier.
- 22 And I'm just going to ask you if, to the best
- 23 of your memory, this is an excerpt of that statement you
- were referring to earlier in your testimony that you received in the summer timeframe?
 - Jennifer Cowley

09/26/2024

- A. Yes. I have no reason to believe it's not, and 1
- I recall some of the information in here.
 - Q. Okay. And then so this brings me to the heart
- of my question. This letter raises the issue of whether
- my client, Timothy Jackson's, rights under UNT's Policy
- 06.035, academic freedom and academic responsibility,
- were being violated. Do you see that?
- Q Would you like me to read that paragraph?
- 9 You can read as much as you like, but I'm just
- 10 asking to confirm that that was brought to your attention
- 11 in this letter.
 - A. Yes. It exists in this letter.
- 13 Q. Okay. And to your knowledge, was there ever
- any investigation of the potential violation of my 14
- client's academic freedom and academic responsibility 15
- 16 (inaudible)?
 - MS. QUIMBY: Can you repeat that? I'm
- 18 sorry. You just cut out.
- THE WITNESS: Yeah. You cut out. 19
- 20 Q. (By Mr. Allen) I'm sorry. To your knowledge, was there ever any investigation of the allegations that 21
- my client's academic freedom and academic responsibility 22
- rights under this policy were being violated? 23 **A.** There was not a direct investigation. 24
 - However, the investigation conducted by my office was

7 Q. And except for this other professor, this is

8 the ad hoc panel, correct?

9 A. Correct.

10 Q. And I understand you've now said that Dubrow

also left for what I assume are unrelated reasons? 11

She chose not to participate in the panel.

Q. Okay. This is a statement of the University of 13

North Texas regarding the formation of the panel, 14

15 correct?

16 A. In the middle of the email, it is the statement

17 that UTA had or -- I'm sorry -- UNT had issued regarding

the formation of this panel. 18

Q. Was the statement issued in another location in 19

20 addition to this email?

21 A. It was available for press inquiry if they

communicated with the Office of Media Relations. 22

Q. I see. 23

24 Α. Or University Communications.

that goes along with this freedom (inaudible) statement

17 about diversity and inclusion?

18 A. I'm sorry. You cut out in the middle. Can you

19 repeat that one more time?

20 Q. Sure. Why do you express a commitment to

21 academic freedom and responsibility along with a

commitment to diversity and inclusion? Why is that 22

included there?

24 A. I'm reflecting back. It's been, you know, a

number of years since I drafted that sentence. You know,

I purposely chose panel members outside of the College of Music because the content of the journal -journal publications was irrelevant. It was about how the conceptualization and production of the volume occurred

And therefore selecting committee members that were outside of the College of Music, they brought different perspectives and different experiences relative to production of journals and would not be knowledgeable particularly about Schenkerian Studies.

20 Was it the content being Schenkerian Studies that you thought was irrelevant to the panel's 21 22 investigation?

23 MS. QUIMBY: Objection, form.

The charge to the committee was not based on 24 25 content. Selecting committee members from outside of the

Α. I did not

And would you answer the same if I said to participate in the panel? You never thought of including an outside music theorist to participate in the ad hoc panel, right?

I considered whether people involved in music should or should not be involved and made the decision that ultimately I felt it was more appropriate to exclude people from the College of Music or music generally.

And is that -- well, strike that and move on.

You also said, The panel members who are outside the College of Music will examine objectively the process followed in the contention and production of Volume 12 of the Journal of Schenkerian Studies.

Did I read that correctly? 22

23 Correct.

> Are you able to explain now what you meant by objectively?

My expectation is that they would collect

2 evidence and conduct interviews that would allow them to

3 draw reasonable conclusions as it relates to the

conception and production of this volume.

5 Q. Okay. Would that meaning of objectively, as

you use it in this statement, would it qualify as 6

7 objectively doing their business correctly to ignore

8 evidence that key witnesses were lying?

MS. QUIMBY: Objection, form.

10 (By Mr. Allen) Is that objective?

11 You would have to provide specific evidence

12 that that was the case.

> So you can't say, as you sit here today, whether the definition of objective investigation, as you set forth in this statement, would basically condone ignoring a witness -- excuse me -- evidence that a

witness was lying? Is that your testimony?

19 Your statement was unclear.

20 (By Mr. Allen) Okay. Ο.

21 It was jumbled.

22 Yeah. No. You're right. Let me strike that.

23 Are you able to testify today -- let me strike that again.

Is it your testimony today that whatever you

meant by objectively set forth in this email did not

encompass a requirement that the ad hoc panel be

3 attentive to the fact that witnesses were lying to them?

MS. QUIMBY: Objection, form. 4

5 A. Participants in the process of being

interviewed would be expected to share information that

7 they believe to be truthful, and it would be up to the

8 panel to evaluate the information that they received.

9 Q. (By Mr. Allen) So evidence of truth or untruth 10 would be relevant to an objective inquiry, right?

Maybe. Depending on the context. 11

It would be important to an objective inquiry not to exclude exculpatory evidence, right?

MS. QUIMBY: Objection, form.

A. I can't speak to that. That's context dependent.

(By Mr. Allen) What -- in what context for the investigation of activities at the University of North Texas would it be appropriate to ignore exculpatory

20 evidence?

I'm not suggesting it would be.

1	just want to	cut you off.	I asked you a	specific
---	--------------	--------------	---------------	----------

- 2 question. Can you name a context in which it would be
- 3 relevant to ignore exculpatory context in an
- investigation at the University of North Texas?
- 5 You supply the context. Enlighten us what
- 6 context would be appropriate in an objective
- 7 investigation under your responsibility as provost to
- 8 ignore exculpatory information?
- **9** MS. QUIMBY: Objection, form.
- **10 A.** This is your interview. If you want to provide
- **11** further context, you're welcome to. Otherwise, my answer
- **12** is no
- **Q.** (By Mr. Allen) Did you expect the ad hoc panel
- 14 to ignore exculpatory evidence?
- **15 A.** My expectation is that the panel would review
- **16** evidence that was presented and make determinations that
- 17 would influence their recommendations.
- **Q.** Does this mean you did or did not expect them
- 19 to ignore exculpatory evidence?
- MS. QUIMBY: Objection, form.
- 21 A. The panel was charged with reviewing evidence
- 22 and determining that it's most relevant to support their
- 23 recommendations -- to support the formation of
- 24 recommendations.
- **Q.** (By Mr. Allen) Now, you said that the

- 1 University of North Texas was, quote, "not investigating
- 2 Timothy Jackson," closed quote, right?
- **A.** The charge of the committee was to review the
- 4 conception and production of Volume 12 of the Journal of
- 5 Schenkerian Studies. This professor was involved in the
- 6 journal and so would be part of the review process. But
- 7 Dr. Jackson himself was not -- the charge was not about
- 8 Dr. Jackson. It was about the journal.
- **9 Q.** And you've said it's not -- you're not
- 10 investigating the journal, right? You're just
- 11 investigating Volume 12. Was that your testimony?
 - **A.** The conception and production of Volume 12.
- **Q.** What policy or rules of the University of North
- **14** Texas were being followed when this investigation was
- 15 ordered?

12

- **16** MS. QUIMBY: Objection, form.
- **17 A.** Part of this review was to determine whether or
- **18** not there could have been violations of university
- 19 policy. University policies are generally fairly broad,
- 20 and they are not policies specific to journals themselves
- 21 but could fall under other policies.
- 22 And so the charge of the ad hoc committee was
- 23 to make a determination around whether or not there were
- 24 any issues related to the conception and production of
- 25 Volume 12 of the Journal of Schenkerian Studies.

- Q. (By Mr. Allen) Was the so-called ad hoc panel
- 2 following any established process for investigation
- 3 established by the University of North Texas?
 - A. There are specific -- there are specific
- **5** processes for certain types of policy violations.
- 6 However, in this case, at the beginning of the process,
- 7 it was unclear whether there were or were not any policy
- 8 violations.
 - Therefore, there was not an established
- 10 procedure for which one would follow. Hence, I
- 11 determined the best path forward was to form an ad hoc
- 12 committee to review this matter.
- **Q.** So the very name ad hoc kind of indicates that
- 14 there was no policy being applied, right?
 - A. I wouldn't draw that conclusion.
 - MS. QUIMBY: Objection.
- 17 A. But an ad hoc panel or committee are, from time
- 18 to time, organized by the provost's office or other
- 19 offices to review a matter that doesn't clearly fall
- 20 within a specific policy or procedure.
 - Q. (By Mr. Allen) Was there ever a rules violation
- 22 found by the ad hoc panel?
- 23 A. The panel did not find that there was a
- 24 specific policy violation.
 - Q. Did the ad hoc panel find that Timothy Jackson

Jennifer Cowley 09/26/2024

- 1 violated any rules of the university?
- **A.** As I mentioned, their charge was not to review
 - Dr. Jackson specifically but to review the production of
- 4 Volume 12.
- **Q.** Can you answer my question, please?
 - A. Can you repeat your question?
 - MR. ALLEN: Can you read the question to
- 8 the witness, please, Madam Court Reporter?
- **9** (Requested portion read back)
- **10 A.** Their recommendations were on how the Journal
- of Schenkerian Studies could be improved, and they werenot targeted specifically at Dr. Jackson. They were
- 12 Not targeted specifically at Dr. Sackson. They were
- 13 targeted at how the journal could be improved.
- **Q.** Does this mean your answer is, no, they didn't
- **15** find that he violated any rules?
 - MS. QUIMBY: Objection, form.
- **A.** The committee did not state that there were any
- 18 specific policy violations by Dr. Jackson.
- 19 Q. (By Mr. Allen) Okay. Thank you. Now, I
- 20 believe you've testified that the Ad Hoc Panel Report
- 21 came out on November 25th of 2020, right?
- **A.** I don't recall the date, but if you say that's
- 23 when it is, I have no reason to believe otherwise.
 - Q. And then on September 7th, I believe, in advance of that, did you send a letter to Professor

Q. I'm trying to find it. Yes.

MR. ALLEN: I'm going to mark for the

9 MR. ALLEN: Can I mark for the record

10 Exhibit 7, a letter of September 7, 2020.

11 (Deposition Exhibit No. 7 was marked)

Q. (By Mr. Allen) And, President Cowley, bear with

13 me. I can't stand when people do this to me, but it's

14 almost inevitable. I've got to scroll through to show

15 you your signature. Okay? So I'm not trying to make you

16 cross eyed.

17 A. That is my signature.

Q. So now back to the top. Is it accurate to say

19 that Exhibit 7, the letter of September 7, 2020, is a

20 letter sent by you to Timothy Jackson?

21 A. That's correct.

Q. I'm sorry. Did you answer and I didn't hear

23 it?

1

6

A. Yes. I said that's correct.

Q. Okay. I apologize. I think it -- we had a

Jennifer Cowley 09/26/2024

little bit of a delay in the audio feed.

2 So here you tell him -- I'm just going to skip

3 down to the third paragraph -- that the university is not

4 investigating him or the journal, correct?

5 A. Can I read that paragraph?

Q. Oh, yeah. I'm not trying to rush you.

7 Please, if you want me to reposition it on the page or

8 whatnot, just tell me.

9 A. That's okay. Okay. I've read that paragraph.

Q. Okay. And you inform him in the first sentence

11 of that paragraph, The university is investigating

12 neither you nor the Journal of Schenkerian Studies,

13 correct?

17

20

14 A. That's what that sentence states.

Q. But then you go on to say that it is actually

16 investigating Volume 12, right?

A. Correct. That's correct.

Q. But somehow that's not investigating the

19 journal, right?

A. It's investigating a particular volume of the

21 journal, a particular publication.

Q. And you also say here -- and I'm going to take

23 this off -- The university has discretion, if not the

24 obligation, to look into these circumstances, right?

A. Correct.

Q. Now, you had the discretion to look into

2 Timothy Jackson's complaints that his colleagues were

3 violating his academic freedom as well, did you not?

MS. QUIMBY: Objection, form.

A. As the provost, I have the ability to look into

6 concerns that a faculty member may raise.

Q. (By Mr. Allen) And you're very concerned to put

8 an end to misinformation and mischaracterization,

9 correct, about this matter, the investigation of the

10 Journal for Schenkerian Studies?

11 A. Into the mischaracterization about the review

12 of Volume 12 of the Journal of Schenkerian Studies.

Q. Is this a concern about objectivity you're

14 expressing here in this final sentence? Is that a fair

15 characterization?

MS. QUIMBY: Objection, form.

17 A. No.

Q. (By Mr. Allen) You raised the issue of the

19 grievance that Timothy Jackson brought to your attention

20 in that letter that we looked at earlier in the

deposition which was dated July 31st, 2020, in this final

22 paragraph that begins on this first page, right?

A. Are you referring to his claim related to

24 academic freedom?

Q. Yes.

Jennifer Cowley 09/26/2024

160

159

A. Okay. Just let me read that paragraph.

Q. I'm going to represent that it goes onto the

next page here too, so I'll move it up just a bit.

4 There you go. I'm sorry.

5 A. That's okay. I reached the end of that

6 paragraph.

Q. I'm calling up the letter. And you -- your

8 statement here is that apparently your counsel, the

9 counsel of the university I assume, pointed out that he

10 could not identify the policy under which he was filing a

11 grievance. He, meaning Timothy Jackson, is that how you

12 understood that sentence?

13 A. Correct.

Q. Do you recall that letter referring to the

15 academic freedom policy of the university?

16 A. I recall a policy number, but we'd have to go

17 back and look at the letter.

Q. And you're sort of anticipating what I was

19 going to do here is -- this is the letter of July 31st,

20 2020, from the law firm Allen Law, LLC, to you, Jennifer

21 Cowley. Do you remember seeing this exhibit earlier?

22 A. Yes, I do.

Q. And I apologize to counsel and to you because

to refer to the letter and the record will reflect how it

1 Q. Now, do you know if this panel report ever made

2 clear to Timothy Jackson in advance that he would be

3 invited to respond?

MS. QUIMBY: Objection, form.

5 A. I'm not certain. I know there were some

6 communications such as the letter you showed, but I don't

recall specifically.

7

8

Q. (By Mr. Allen) Okay. If that was part of the

9 process of the investigation by the ad hoc panel, would

10 you expect them to put that in the report?

MS. QUIMBY: Objection, form.

12 A. I would expect that the people that they13 interviewed as part of their review would be included or

14 referenced in the report.

Q. (By Mr. Allen) But that's not my question.

16 That he would have a chance to respond to the

17 investigation report. If that was going to be part of

18 the process, would you expect them to put that in the

19 report?

20 A. Their charge was to provide recommendations to

21 me on their findings.

Q. Yeah. They have a section that goes background

23 information and scope of review, right?

24 A. Uh-huh.

Q. You remember reading that, correct?

Jennifer Cowley 09/26/2024

Jennier Cowiey 09/20/2024

I do. I don't recall the details.

Q. And here it is on Page 3 to 4 of the report,

3 correct?

1

5

6

11

A. Okay, yes.

Q. Here in our review, To begin, they say we first

reviewed the concerns expressed about the journal's

7 editorial and review processes raised in public

8 statements raised by three different groups.

9 And they list them right here, correct?

10 A. Yes, they do.

Q. And you understand there were exhibits attached

12 to the Ad Hoc Panel Report that were actually those

13 concerns, those statements of concern that they just

14 referenced in those three numbered paragraphs?

15 MS. QUIMBY: Objection, form.

A. Yes. I was aware that those were included as

appendices, if you will, to the report.Q. (By Mr. Allen) And here is -- I'm sorry if this

19 overlaps. You'll see these stamps at the top of the page

20 or because the document has been filed in court.

21 A. Okay.

Q. Just so I'm clear about that to you. And I'm

23 not arguing that those were part of the document.

24 A. Okay.

Q. Do you see this Exhibit 2 stamp up here?

A. Yes, I do.

Q. So this was Exhibit 2 to the Ad Hoc Panel

3 Report, and this is the Executive Board of the Society of

4 Music Theory's statement, right?

A. Yes. That's what it appears to be.

Q. And the first line says, The Executive Board of

the Society for Music Theory condemns the antiblack

8 statements and personal ad hominem attacks on Philip

9 Ewell perpetuated in several essays included in the

10 symposium on Philip Ewell's 2019 SMT plenary paper

11 published by the Journal of Schenkerian Studies, right?

You read that correctly.

Q. Did you understand from that -- this is the

 ${f 14}$ statement by the SMT which you said prompted you to

15 convene an investigation, right?

A. Correct.

Q. And you understood -- well, let me back up.

And you read it, I assume, carefully at the time, right?

A. Correct.

Q. Did you understand from that headline which we

21 just read, the Executive Board of the Society for Music

22 Theory condemns the antiblack statements and personal ad

23 hominem attacks on Philip Ewell.

You understood that as indicating their primary

concern was with the procedural methods followed by the

1 journal in publishing Volume 12?

2 MS. QUIMBY: Objection, form.

A. That is not the conclusion that I drew.

4 Further down in the statement, it specifically --

Q. (By Mr. Allen) We'll get there. Don't -- I'm

6 just asking. Look, this will go a lot faster if you just

7 answer the question. In the first sentence, they're

8 primarily concerned with what they call antiblack

9 statements and personal ad hominem attacks, right?

10 A. I do not draw the conclusion that that's their**11** primary concern.

Q. Do you think that by putting it in much larger

13 font that the rest of the statement, that that had no

14 meaning to them?

MS. QUIMBY: Objection, form.

Q. (By Mr. Allen) Is that insignificant to you?

A. I cannot draw a conclusion about what the SMT

18 executive board thought.

Q. And you draw no conclusion from the fact that

20 they put that first in their statement?

A. I did not draw a conclusion from that being the

22 first statement.

Q. Then the second statement, the executive

24 board -- excuse me. There it is again. Sorry. No, no.

This is the second statement.

- 18 Correct.
- 19 And just really quickly, is this the student

- 22 Α. Yes.
- 23 Excuse me. The ad hoc panel. I said report

- 25 Correct

Jennifer Cowley 09/26/2024

- Thank you. And as Exhibit 4, they attach this,

- You did 4
- 5 Is this the statement by the faculty that you

1

- 7 It appears to be the statement by the faculty.
- 8 I just want to clarify my recollection is that there were
- 9 many things that were happening around the same period of

- Okay. Yet this letter was also considered by 14
- 15 you at that time, right?
- 16 This letter was submitted around the time of
- 17 the convening of the committee.
- 18 Q. And I just want to call your attention to this

behalf of the university;

directed at Dr. Ewell.

- You read that correctly.
 - So that's the thing they emphasized first,

we are speaking for ourselves individually and not on

for Music Theory Annual Meeting, is replete with racial

stereotypes and tropes and includes personal attacks

The forthcoming issue, a set of responses to

- correct? 16
- 17 That's the thing they stated first. A.
 - And you didn't think stating something first
- 19 means you're emphasizing it more than things that come
- 20 later?
 - I don't draw that conclusion.
- 22 Then they say, To be clear, not all responses
- 23 contain such egregious material. Some were thoughtful
- and meaningfully addressed and amplified Dr. Ewell's 24
- remarks about systemic racism in the discipline.

Jennifer Cowley 09/26/2024

176

- 1 Did I read that correctly?
- 2 You read that correctly.
 - So did you understand that talks or -- excuse
- me -- articles in the symposium of Volume 12 that, quote,
- "amplified Dr. Ewell's remarks" were considered by the
- faculty not to be egregious?
- 7 MS. QUIMBY: Objection, form.
- 8 Could you restate that?
- 9 (By Mr. Allen) Sure. They say not everything
- 10 was egregious, right? Not all responses contain such
- egregious material, right? 11
 - A. I think the sentence you read shares their statement
- Q. And says, Some were thoughtful and meaningfully 14
- 15 addressed and amplified Dr. Ewell's remarks, right?
- 16 That's what the sentence says.
- 17 So my question is did you understand from that
- 18 that the faculty found articles in the symposium not to
- be egregious when they amplified Dr. Ewell's remarks? 19
 - MS. QUIMBY: Objection.
 - I didn't draw any conclusion
- 22 (By Mr. Allen) Only at the end they say,
 - Dr. Ewell was not afforded the opportunity to respond in

- 25 Did I read that correctly?

1 MS. QUIMBY: Objection, form.

A. Correct. I believe they also -- that they made
reference to that, but I don't remember the exact details
of what they wrote in that particular section.

Q. (By Mr. Allen) Did you take issue with anyoneon the ad hoc panel that they did not include the actual

7 charge and only include your email of August 6, 2020?

8 A. No. I didn't request changes to their report.

 $\textbf{9} \qquad \qquad \textbf{Q.} \quad \text{So there is no record of, I guess, what you}$

10 consider an error of correcting that error?

MS. QUIMBY: Objection, form.

A. I didn't consider it an error.

Q. (By Mr. Allen) Okay. Looking at the thirdparagraph, you say, The panel has produced the report

15 with findings, right?

16 A. Correct.

Q. And then you request that Timothy Jackson, as

18 the director for the -- of the Center for Schenkerian

19 Studies, develop a plan to address the recommendations by

20 December 18th and submit that plan to Benjamin Brand and

21 Dean John Richmond for review and approval.

22 Did I summarize that correctly?

A. You did.

Q. And so the deadline was December 18th, 2020?

25 A. Correct.

Jennifer Cowley 09/26/2024

198

Q. Do you recall Timothy Jackson meeting that

2 deadline?

24

A. I do not recall. I know that there was some

4 back and forth between he and Dr. Brand, but I don't

5 recall the details.

Q. Timothy Jackson was invited to respond as

7 Director of the Center for Schenkerian Studies to the Ad

8 Hoc Panel Report, correct?

9 A. This letter tells him he can communicate with

10 his department chair and dean about a plan to respond to

11 the recommendations.

Q. Do you know of any other time before this that

13 Timothy Jackson was invited to respond to the Ad Hoc

14 Panel Report?

15

A. No, not that I'm aware of or recall.

Q. Okay. So it's only after the conclusions of

17 the ad hoc panel that he was invited to respond?

MS. QUIMBY: Objection, form.

19 A. He was not invited to respond. He was invited

20 to develop a plan to address the recommendations.

Q. (By Mr. Allen) And you think that's different

22 from a (inaudible). Is that your testimony today?

A. You cut out.

Q. I said your testimony -- I'm sorry that I cut

out, but I'll just rephrase it. So your testimony today

is that the invitation to provide a, quote, "plan" is

2 different from an invitation to provide a response?

3 That's your testimony today?

MS. QUIMBY: Objection, form.

5 A. The -- it depends on what his plan looks like.

6 If he had particular concerns related to the

7 recommendations and wanted to provide an alternative,

8 that would be for him to discuss with he and the chair.

Q. (By Mr. Allen) Did you ever read the response

10 of Timothy Jackson?

11 A. I don't recall if I saw that or not.

Q. The Ad Hoc Panel Report was put up on UNT's

13 webpage, right?

14 A. Yes

Q. And it's still there to this day, to the best

16 of your knowledge?

17 A. I have no knowledge of whether it's there or

18 not at this time.

19

Q

16

Q. Was it there the entire time you were provost?

20 A. No. Because I was provost before this -- the

21 committee report was issued.

Q. Oh, that's a good point. Of course, I mean

23 during your tenure as provost, as soon as the report was

put online, it remained there for the entire time you

25 remained at the University of North Texas?

Jennifer Cowley 09/26/2024

199

1 A. I'm not sure if it was taken down during that

2 time or not, but I know that I requested that it be

3 posted online.

Q. Did you ever post Timothy Jackson's response to

5 the ad hoc panel online?

6 A. I did not, no.

7 Q. Is there any reason you did not?

MS. QUIMBY: Objection.

9 A. This was a university report. It was made

10 available. There was no obligation or expectation that

11 we would provide any others' viewpoints or perspectives

12 and post those online.

Q. (By Mr. Allen) Was it a decision you made ahead

14 of time not to post Timothy Jackson's response to the Ad

15 Hoc Panel Report?

MS. QUIMBY: Objection, form.

17 A. I had no knowledge that he would or would not

produce a response to the report. It's very common thatcommittee reports were posted online, and this ad hoc

20 task force report was posted online.

Q. (By Mr. Allen) And you only invited him here on

22 November 30th to develop a, quote, "plan" to address the

23 recommendations, right?

MS. QUIMBY: Objection.

A. Correct.

13, correct?

8 We did not have a discussion about that. MR. ALLEN: I'm going to mark as Exhibit

13 an email from Benjamin Brand to Timothy Jackson dated 10 December 11, 2020, for the record. 11

THE WITNESS: Is it possible to make that 12 13 just a little bit larger? MR. ALLEN: Yes. If you could give me 14

just one second. Just making sure I don't get my 15 16

exhibits mixed up again. 17 Madam Court Reporter, we're on the Exhibit

19 COURT REPORTER: Yes. The one you're 20 marking now is Exhibit 13.

21 MR. ALLEN: Thank you. 22 (Deposition Exhibit No. 13 was marked)

23 (By Mr. Allen) So let me see if I can expand this for you, President Cowley. Is that better? 24

25 Yes. That's better

Q. And just to make sure I'm not hiding anything from you, I'll represent to you that this was already introduced as a court document as an exhibit. That's why it has this stuff on here.

I don't want you to think there is a page I'm not showing you. Okay? This is, so far as I know, the whole email. Now, I know you're not on this email, so I don't expect you to know about it. But I am going to ask you if you were aware of this email on December 11, 2020?

A. I'm still reading the email. 11

Okay. Go ahead. 12 13

Okay. I'm sorry. What was your question?

Were you aware of this email? 14

I don't know that I was aware of the email. I 15 was aware that there was a meeting that was going to 17 happen between Dr. Brand and Dr. Jackson.

18 Q. And you don't -- were you aware of the outcome 19 of the meeting?

There were several outcomes that were discussed in this particular -- potential outcomes that were discussed in this email. Is there one in particular you're interested in?

24 Q. So I'm just trying to find out what you at the time understood as the outcomes that were implemented at
