Sorry, I was spending time with Ophelia and wasn't checking my phone. I'll sign onto Bryan's denouncement of Dr. Jackson. I would be lying if I said he wasn't a help to my theoretical/literary development, but his political views need to be condemned and UNT shouldn't have a place for them/him.

Are we doing a GAMuT and a SSENT response, or a unified MHTE grad student response?

I'd hope a unified MHTE thing eventually?

Salvador

Personally, I agree. However, SSENT would have to meet and agree on that as a unit. We're working on those details now and will give an update when available.

Rachel

But are we not doing this all together? I'm confused as to why SSENT has to m. ↓ and have their own unitv first. This is a MHTE
